

County of Middlesex Accessibility Plan 2013 – 2015

Introduction

Accessibility for Ontarians with Disabilities Act

In June 2005, the Accessibility for Ontarians with Disabilities Act 2005 (AODA) was enacted into law. The AODA is more comprehensive and prescriptive than the Ontarians with Disabilities Act from 2001 and applies to the public sector, as well as private and non-profit organizations. The AODA requires the development of accessibility standards, compliance deadlines, and administrative penalties for non-compliance.

The fundamental purpose of the AODA is to ensure that Ontario is accessible by 2025. Ontario is the first and only Canadian jurisdiction to regulate accessibility standards.

Standards Development Committees were established in the following areas:

- Customer Service
- Information and Communications
- Employment
- Transportation
- Built Environment

Each standard has established implementation targets and compliance requirements for obligated organizations.

The AODA requires accessibility of goods, services, facilities, accommodation, employment as well as information and communications.

Implementation Strategy

Middlesex County supports the spirit and goals of the AODA to make the Province of Ontario accessible by 2025. The County is striving to become more accessible and inclusive to people with disabilities by ensuring accessibility is a reality throughout all facilities and business operations. Ensuring accessibility is integrated into all County initiatives, business practices, boards, committees departments and divisions. The County and all participating municipalities are committed to fulfilling the requirements.

Participating Municipalities

This multi-year accessibility plan is prepared jointly between the County of Middlesex and participating municipalities. The participating municipalities include:

- County of Middlesex
- Township of Adelaide Metcalfe
- Township of Lucan Biddulph
- Municipality of Middlesex Centre
- Municipality of North Middlesex
- Municipality of Southwest Middlesex
- Municipality of Strathroy-Caradoc
- Municipality of Thames Centre
- Village of Newbury

Statement of Commitment

Middlesex County and the participating municipalities are committed to eliminating barriers and improving accessibility for people with disabilities in a manner that respects dignity, independence, integration and equal opportunity.

Middlesex County recognizes the diverse needs of all our residents and customers and will respond by striving to provide services and facilities that are accessible to all. Middlesex County is committed to meeting the needs of people with disabilities in a timely manner, and will do so by preventing and removing barriers to accessibility and meeting accessibility requirements under the Accessibility for Ontarians with Disabilities Act (AODA).

Middlesex Accessibility Advisory Committee

The AODA requires municipalities to establish an Accessibility Advisory Committee, where the population exceeds 10,000.

The Middlesex Accessibility Advisory Committee is a public committee that is comprised of people with disabilities and staff members from the County and local municipalities. The purpose of the committee is to provide advice to Councils on the removal and prevention of barriers.

Monitor and Review

This Multi-Year Accessibility Plan will be reviewed and updated at least once every five years. An annual status report will be completed to document the progress and measures taken to implement Middlesex County's strategy and meet the requirements under the Integrated Accessibility Standards Regulation.

Plan coordination

The County's Accessibility Coordinator is responsible for the development of this plan, in consultation with the participating municipalities and the Accessibility Advisory Committee.

Timelines and Deliverables

Outcomes

- People with disabilities will have access to accessible services
- People with disabilities will have access to alternate formats and communication supports for any information that the County produces
- A barrier-free recruitment process
- Greater accessibility in County-owned facilities
- County staff able to identify barriers to accessibility and actively seek solutions to prevent and remove barriers

Approach

- Develop policies and procedures
- Incorporate accessibility into planning processes
- Train staff
- Engage the public in feedback
- Work to remove barriers to employment
- Continue to make facilities accessible
- Ensure there is access to information and communications

Timelines

2012- 2013

The County will ensure compliance is met in relation to:

- The development of policies and commitment statement
- Developing a multi-year accessibility plan
- Purchasing and kiosk requirements
- Emergency information (public and workplace)
- Public Libraries (accessible formats of materials)
- Taxi-cab requirements (equal fares, on-demand accessible taxis)

2014-2016

The County will ensure compliance is met in relation to:

- Employment (recruitment, assessment, selection, return to work, accommodation plans, performance management, etc.)
- Training
- Feedback process
- Accessible formats and communication supports
- Accessible websites and web content
