## **Approval Form D – Subdivisions and Condominiums**

## Instructions

This form is to be used when submitting a proposed plan of subdivision or plan of condominium to the County of Middlesex as the Approval Authority. The County encourages those considering making an application to pre-consult. The County will organize and host a pre-consultation meeting where an applicant has an opportunity to discuss a proposal with staff from the County, the local municipality and affected agencies.

In accordance with Section 51(17) of the <u>Planning Act</u>, the prescribed information must be submitted to the approval authority. Filling out this form and attaching the accompanying information will help you meet the requirements of the <u>Planning Act</u> and Ontario Regulation 544/06. If additional space is needed to answer any of the questions, attach separate pages or reports. Please note that additional information may be required by the Approval Authority.

A processing fee (see page 9) is required to accompany this application (made payable to the 'Treasurer – County of Middlesex').

All sections in this form marked \* must be completed before the application will be accepted. Failure to complete the entire application may result in delays in processing and in obtaining a decision.

The applicant shall be required to reimburse the County for the fees and expenses, if any, of the County's peer review professionals related to technical studies determined necessary by the Director of Planning. Technical studies include, but are not limited to: engineering studies, hydrogeology studies, development assessment reports, soil studies and noise assessment studies.

The applicant shall be responsible for all actual costs incurred by the County in relation to any Ontario Municipal Board activities unless the activities are as a result of an appeal by the applicant.

It is noted that the local municipality and the conservation authority may also collect fees associated with their review of applications. It is the applicant's responsibility to pay any such fees.

Where a plan of subdivision / condominium application includes future development blocks, the lots/units for the development shall be equivalent to the anticipated future development yield for those blocks.
