

# IT'S TIME...

To learn more about the **Middlesex County Cycling Strategy** and help us shape the strategy by providing your input!

## MIDDLESEX COUNTY | CYCLING STRATEGY

### NOTICE OF PUBLIC OPEN HOUSE #2

Since March 2017 Middlesex County in partnership with local area municipalities have been working with a consultant team from WSP to prepare a County-wide Cycling Strategy for Middlesex which will address the planning, design, implementation, operation and maintenance of cycling routes, facilities and programs over the short, medium and long-term by:

- 1 Creating a plan for a connected and continuous system of cycling routes
- 2 Establishing a network that makes cycling more convenient and enjoyable for people of all ages and abilities
- 3 Enhancing Middlesex as a destination for cycling while creating more healthy and sustainable communities
- 4 Creating solutions that are specific to Middlesex County which complement ongoing initiatives

Since the first round of engagement was held in June 2017, the consultant team has taken the comments and input received and used a network development process to **identify a proposed cycling network and suggested facility types** for on and off-road connections throughout the County, **identified some preliminary phases for implementation** and **identified some potential policies, recommendations and programs** to support a shift towards a more active and cycling friendly culture in the County.

Now we need your input and your help! We will be hosting a public workshop / open house on **Tuesday October 17, 2017** between **6:00 p.m. and 8:00 p.m.** There will be a presentation given at 6:15 p.m. which will be followed by an interactive set of activities. In addition, there will also be a drop-in style session where you will be able to review potential cycling routes which will be explored throughout the County and speak with members of the study team if you are not able to attend the full workshop session. The following is more detailed information about the location.

Komoka Wellness Centre  
1 Tunks Lane  
Middlesex Centre, ON

If you are not able to attend this session, there are other ways you can still get involved and provide your input, including:

- Review the materials online at <https://www.middlesex.ca/node/823>;
- Complete our new survey which will be launch on October 17, 2017 on the project website (use link above); and
- Email or contact one of the study team representatives for more information or to provide input- please use their contact information below.

**Chris Traini** - County of Middlesex
