Understanding Quality Child Care

The research on brain development shows that positive experiences before 5 years of age make a difference in children's future success in school, in the workplace and in having a healthy life.

Research confirms that knowledgeable, nurturing, educated staff are the key to quality Child Care.

- Licensed Child Care programs are staffed by Registered Early Childhood Educators who are professionally trained in early years and child development
- Must be a registered member of the College of ECE's
- Licensed Child Care programs are licensed by Ministry of Education and regulated by the CCEYA of the Province of Ontario
- All staff working in licensed Child Care programs have completed a vulnerable sector check and are First Aid & CPR trained
- Small class size supports individualized teacher attention and care; an essential ingredient to quality care:

Licensed Child Care Centers have

- one teacher for every 3 infants
- one teacher for every 5 toddlers
- one teacher for every 8 preschoolers

Open Monday through Friday all year except statutory holidays

Licensed Nursery Schools have

- one teacher for every 5 toddlers
- one teacher for every 8 preschooler
- Days per week vary according to the community needs and follows the school calendar
- Licensed Home Child Care
- The maximum number of children in Home Based Child Care is 6
- The ages of children in Licensed Home Child Care are:

No more than 3 children under 2 years of age, up to a total of 6 children under 13 years of age. This number includes the providers own children who are not yet attending publicly funded Full day Kindergarten.

Licensed Child Care Services

Financial assistance may be available by calling the Middlesex County at:

519-434-7321 ext. 2289
